

Premier ECO Subscription Terms & Conditions

1. ByDzyne is a reseller of the Premier ECO Subscription (PES) program, which is managed and controlled by third-party vendors and suppliers.
2. Premier ECO Subscribers must be at least 18 years of age with a valid credit card in Subscriber's name.
3. Vendors and suppliers that offer accommodations and transportation may require additional charges at the time of check-in or use. Additional charges are at the discretion of the supplier. Some examples of additional costs are: additional adults or children in the room, taxes not included in the price, resort fees, usage fees, all inclusive charges, house cleaning or maid service, room service, reservation modifications, cruise fuel charges, and cancellations. Commercially reasonable efforts will be used to display additional charges on related booking engine websites or the written reservation confirmation. Keep in mind such data is provided by the supplier or vendor, not by our agency or third-party website partners. If you ever have a question as to an on-line price you can click on chat or email customer support: support@premiertravelsavings.com.
4. In the event any supplier informs our company that a travel reservation cannot be accepted, confirmed or becomes unavailable, a travel supplier of equal or greater value will be used as a substitute. If no substitution is available or if the substitution does not satisfy the Subscriber, a full refund of the amount paid by the Subscriber for the reservation will be issued by the vendor/supplier.
5. Cancellation and rescheduling policies vary. Subscribers MUST read, understand, and then agree to the terms and conditions of each reservation that is booked. If there is no cancellation or refund then that is the policy of the vendor or supplier, not our company or agency.
6. Dashboard benefits are based on the country where the subscriber resides. Benefits may be added, removed or substituted subject to prior approval from ByDzyne. Commercially reasonable efforts will be used to update pricing, availability, terms and conditions of use, cancellation and refund policies, and other material terms relating to benefits offered on all of the related websites.
7. There is no expectation that search results will yield 100% savings, or discount, as all pricing changes for many reasons. Savings reflected during one search session may differ when searched at another time due to many factors, including but not limited to, vendor availability, timeframe between service booking date and check-in date, and supplier changes in prices and fees
